I am a 3D, digital compositor and motion graphics artist. I begun by studying storytelling, photography and film directing. It was then, that the growing desire for visual effects in my own projects took me to study 3D and compositing. However, this quickly became much larger than just a means to an end and I increasingly started working as a visual effects artist, while developing personal film projects on the side.

I have a great team spirit and good leadership and communication skills drawn from my film directing experience. I am a very versatile VFX artist since I work not only as a compositor but also as a matchmover, 3D artist, and on-set VFX supervisor.

In 2013 I moved to Copenhagen where I have been based since. Despite that I am always available to travel to meet the demands of specific projects.

Recent notable projects I have worked on include a year long TV series production - *The Stunt Comedy Show* (vfx artist), an action short film - *Official Killers* (vfx artist), and a 3D Stereo Animation Feature Film - *Save the 365th day* (senior digital compositor) on top of several motion graphics projects.

Long Term

- Visual effects and motion graphics artist - **Eyelight ApS** (eyelight.dk) 01.2013 - 11.2015

Perseu Mandillo

vfx artist

“Perseu is clearly growing in his ability to access and deliver a vision from start to finish in a very hands on way, and his ease and versatility for the work seems to be further extended by his wide ranging skills as a complete Visual FX artist, bringing both 2D and 3D skillsets to the table.”

Mark Pinheiro

VFX Supervisor

“What most impressed me about him was not only his full commitment to the job, but also how generous he was in regards of helping other members of the team.”

Ezequiel Villanueva

Digital Compositor
